

## Source Code

GIT Repository: <https://github.com/carv85x/carv-fswd-phase1.git>

The repository contains the following folders:

- Practice Projects – All 27 practice projects under “Section 6 – Live Virtual Class Curriculum”. I extracted all “Main” code into “Driver” classes. All projects run correctly
- Class Project – LockedMe.com application code. Two classes total: Directory.java and Driver.java
- Class Assignments – The three class assignments not covered in the Practice Projects section
